# Product Information

## The CORE Side Stream Filter range offers:

- **Industry-leading magnetic core** – Maximises ferrous capture. The straight-rod design enhances efficiency, enables easy cleaning, and eliminates finger-trap hazards.
- **Reusable stainless steel mesh filter** – Captures dirt without the need for disposable cartridge filters, potentially ending up in landfills.
- **Non-blocking design** – Ensures uninterrupted system flow even when not regularly cleaned, removing the need for PD monitors, flow meters and pressure gauges.
- **UK manufacturing** – Guarantees high quality, faster delivery, and a reduced carbon footprint.

Dose with **CORE Biocide** for full system protection against bacteria

Compliant  
BG29 and BG50
